

Why Choose Our City Officials Training Seminars?

We believe you will find that we have prepared a very beneficial and informative seminar that is convenient and cost effective for our attendees. We understand that most city officials have other work and life responsibilities, and that it can be difficult to commit the time or resources to travel to a conference, especially during the workweek or for multiple days. By holding seminars at multiple locations on different days, we allow you to choose the location and time that best fits your schedule. We are also conscious of limited municipal budgets, so we have set our registration fee only to help us offset our overhead costs. By charging only \$20 per person (which almost covers our cost of food and materials), our goal is to provide a high quality, convenient, and affordable city officials training program that is more accessible than other options. Please visit our website at www.laubermunicipal.com for more information.
