

## Are you saying there are law firms that serve only cities?

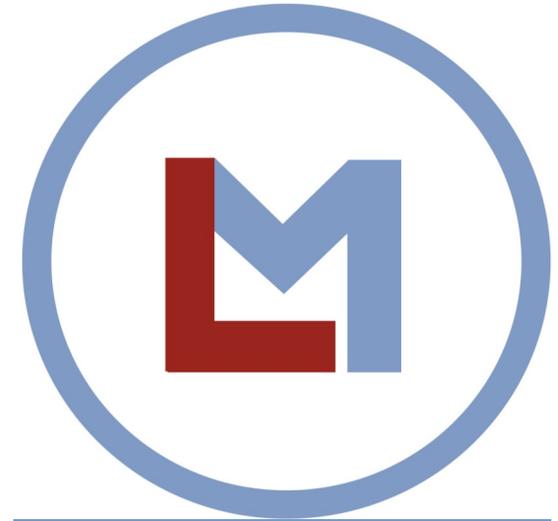

Yes we are! And through attorneys Joe Lauber and Jeff Deane we are now serving Kansas municipalities! Lauber Municipal Law, LLC, was established in 2010 for the sole purpose of serving local governmental entities of all types and sizes. Joe Lauber has dedicated his entire career to the representation of municipal clients—he has excelled in his practice as a public law attorney starting with “big firm” experience in the public law practice group at one of Kansas City’s largest law firms, then a practice focused exclusively on economic development law at the region’s busiest bond firm, before returning to a general municipal practice at a boutique municipal law firm in the Kansas City metro area. Since 2010, the firm has grown exponentially, with the addition of five attorneys and a second office. With the firm’s expansion, Joe has ensured that his employees also have deep experience and a complete focus on municipal law. Our goal at Lauber Municipal Law, LLC, is to meld our previous experience together to provide a high-quality “big firm” work product, while providing the flexibility, personal responsiveness, and cost effectiveness of a small firm. Joe and Jeff are looking forward to sharing our expertise with Kansas municipalities!
